# WORLDVENTURE NOW

Antioch Community Church is an ongoing supporter of Ministries abroad, in an effort to bring the word of God to people around the world. We have partnered up with Sean and Jenny Nuccio of World Ventures to aid their ministry. More info on reverse side

Please pray for our missionaries in all that they do abroad in these times of peril, remembering the risk they take to share God's love.

"...And these are but the outer fringe of his works..." Job 26:14

WorldVenture Now has a new look! Read on for the latest updates, stories, and mission resources from WorldVenture - and please consider passing this email along to others who may benefit from it. Thanks!

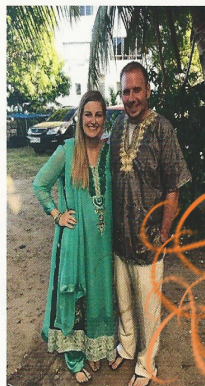

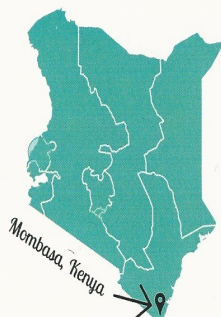

A word cloud featuring various verbs and nouns related to support and ministry, including: affirm, convey, promote, inspire, animate, give, hold-up, like, support, sustain, agree, love, supply, enjoy, confirm, encourage, back-up, endorse, provide, approve, enliven, foster, nurture, and appreciation.
